

PAYAL MUNDLIK

PROFILE

Results-driven Python Developer with expertise in data analysis, machine learning, and web application development. Proficient in Pandas and Scikit-Learn, with experience building UI and web applications using Flask and React. Passionate about developing efficient solutions for data-driven decision-making and interactive web applications.

PROJECTS

• Predictive Analytics for Customer Retention

- Built a machine learning model using Scikit-Learn to predict customer churn based on historical data.
- Developed a Flask-based API to serve model predictions.
- Created a React-based UI for users to interact with predictive insights.

• Interactive Data Dashboard

- Designed a web-based dashboard using Flask and React to visualize key business metrics.
- Utilized Pandas for data wrangling and preprocessing.
- Implemented real-time updates using WebSockets.

EDUCATION

2021-2025

BACHELOR OF TECHNOLOGY
IN COMPUTER SCIENCE

- Hi-Tech Institute of Technology
- CGPA: 7.34

2020-2021

HIGHER SECONDARY SCHOOL

- Deogiri College, Aurangabad
- Percentage: 81.67%

2018-2019

SECONDARY SCHOOL

- Brilliant Kids School, Aurangabad
- Percentage: 70.20%

SKILLS

- C, Python (Pandas, Scikit-Learn)
- HTML, CSS, JavaScript
- Flask, React
- SQL
- Machine Learning
- Windows OS
- MS Office
- Teamwork
- Time Management
